## Just Between You and Me

Time and time again I see, A love that seemed strong was not meant to be; Broken hearts don't always mend; Left too unsured to try again.

Just between you and me, baby,
I know our love will be;
Just between you and me, always,
I know our love will be; Just between you, just between you and me.

Lovers often seem to say Hearts can be blind to love gone astray;

Always it's the same old song; Someone's been hurt by love that's gone wrong.

Just between you and me, baby,
I know our love will be;
Just between you and me, always,
I know our love will be; Just between you, just between you and me.

Words are sometimes hard to find;
The silence can be so unkind;
You always help me find my way;
The love that we share grows stronger each day.
Just between you and me, baby,
I know our love will be;
Just between you and me, always,
I know our love will be;
Just between you, just between you and me.

SENIDRS SENIIRS SENIIRS SENIDRS SENIGRS

Bits, bytes, computer chips and floppy discs . . . are they our future? Mr. Barry Jones is sure of it. The opening statements were composed by Mr. Jones and reflect his view of our times.

Mr. Jones was instrumental in convincing our administrators and taxpayers that the computer was to be an absolute necessity. He had enough foresight to see that knowledge of the use of computers would be crucial in our job world and in our personal life. Two new computer programming courses and a calculus course were initiated, in addition to teaching his regular load of math courses.

Mr. Jones has always been concerned about our futures. He will be the first to tell us the importance of a good education and his dedication to the teaching profession proves that. A graduate of Lyndonville Central School, he has served this school in many capacities including coaching the Varsity Basketball Team through many seasons.

We asked students how they felt about Mr. Jones, and following are some of their replies.
"Mr. Jones understands the kids in the classroom and would give his students almost anything."
"Mr. Jones is always there if you want help, and he speaks on a level that kids understand."
"Mr. Jones is a friend and confidante. He's very intelligent and overall he's a great teacher!"
The 1983-84 Yearbook Staff would like to dedicate this ECHO to you, Mr. Barry Jones. We thank you for your foresight and we appreciate all that you've done for us. Our future will surely be richer just for having known you.

## Blandine Demoury

Hello!
My name is Blandine. I come from France and am spending this year in Lyndonville.
Lyndonville is pretty big compared to Bozochs, my village, (only 280 people) which is set about 90 miles in the northeast of Paris.

I have 2 sisters, Violaine, 16 and Agathe, 12, and one brother, Nicoless, 16. My father is a farmer and my mother is a housewife involved in church organizations.

I went to a school in Reines, in a kind of boarding school about 20 miles from home.
Although Reines is the capital of Des Myange, we don't have any vineyards. Our major productions are wheal and sugar beels, and beef for meal.

I thank all the people in Lyndonville who made my stay possible. A lot of things are different here than in France, especially school. We don't have any activities like here: sporls (I played soccer in the fall, I was bad but we had fun!), music (I'm learning the French Horn) and computers, which I never worked with before. I learned one of the greatest things to play, UNO!!!

## Sonia Rodriguez

Hello!
My name is Sonia and I come from Argentina
I live with my parents and two sisters. Ivana 14 years old and Malerie, 8. My father is an accountant and a professional photographer. My mother is a homemaker involved in many church activities. Our relationship is very close and we enjoy doing many things logether. Friendship is very important for young people's life in my country. I have a lot of friends and I spend most of my free time with them.

I have gradualed in Argentina and when I go back I'm going to do my masters in chemistry.

I live in Rio Cuarto, the second city of my province (Cordoba). Although our cily is a very important agriculture center the industries begin to become big. On December 10th our government became democratic after seven years of military power. In fact it is very important for our future history and it will be a big change for my country.

To live in the country is a really new experience for me and it gives me the possibility to learn many different and interesting things!

Thanks to AFS and my family.

## Loriann Kersch

Zdravo!
My name is Lori Kersch and I spent the summer in Slavonski Brod, Yugoslavia Ihru AFS.
I lived with the Mijazga family: my father Ivan, my mother Marja and my sister Tatjana.

I lived in a small city and I really enjoyed it. The city was a new and exciting experience.
I made a lot of new friends. The Yugoslav people are very friendly and gave me a very special summer.

In Yugoslavia I got to do a little traveling. First, I visited the large city of Zagreb. Next I went to the beautiful city of Sarajevo. Sarajevo is the site of the 1984 Winter Olympics in February. Last I traveled to the medieval cily of Dubrovnic on the coast of the Adriatic Sea.

I enjoyed my visit to Yugoslavia and I hope that I can go back someday

The 1983 Tigers again prevailed as the Genesee Region League Champs, Division II, with a 10-2 record, and as Section V, Class "C" Champs with a 3-0 record. The Tigers completed the fine season with a $16-3$ overall slate. It was a difficult season because of the reputation to live up to, following the success of the 1982 team.
But the tigers did live up to that reputation when they blanked Pavilion in the title game 10-0, with pitcher Rob Riemer allowing only one hit.
Rob Riemer, Dave Dix and co-captain Ed Luce were named to the Genesee - Region All Star Team, while Tim Riemer and co-captain Everett Seymour received honorable mentions.
